Notes:

1. The FY 2014 fees were adopted by the Board on May 15, 2013. Subsequent fiscal year fees will reflect changes in the Consumer Price Index. There was an 8.9% increase in the Consumer Price Index as used for calculating the Title V emissions fee rate applicable to Fiscal Year 2023.

(<https://www.epa.gov/title-v-operating-permits/permit-fees>)

The FY 2023 fees were calculated as follows:

FY 2023 fees = (FY 2022 fees) x (0.089)

2. This document does not contain all of Regulation 2.08. It is intended to provide only the level of fees applicable to Fiscal Year 2023. Consult the full text of Regulation 2.08 for other aspects of the permit programs
